1. Print tooth mat for each student/ player
2. Give each student/ player a Do A Dot marker or highlighter
3. Print, cut out and laminate the high frequency words (teeth)
4. Take turns drawing a tooth and reading the word. If the word is read correctly student/ player highlights the word on the tooth mat and returns the tooth card to the pile.
5. If word is read incorrectly tooth card is returned to the pile and student/ player does not get to highlight the word on their tooth mat.
6. Brush, Brush cards can be used in several ways
 1. They can end the game and player with most highlighted words wins
 2. Can be used to have everyone stand up and sing a song, or chant about brushing (ours is "Brusha, Brusha, Brusha, Brush your teeth, Brush your teeth, Brush them nice and clean.")
 3. If students/ players do not put tooth cards back into the pile after they are drawn then a Brush, Brush card can mean they put all the tooth cards back (this gives others the chance to draw those cards and complete their mats.
